Initial Program Made For School Rebuilding Plan

The regular meeting of the Divisional Board of the Olds School Division No. 12, was held on Tuesday, May 12. Messrs. Gordon and Barrett, architects, were present at the meeting and reviewed again the program that is to be covered under By-Law No. 7. It was decided to first proceed with the finished plans and specifications for the following three points:

Additional to Hartmann School: 3-roofed school. Construction and a 1-p.m. school at May City.

Trunks will be called for these three points first, as the addition to Hartmann and the school at May City should be ready for school opening, September 1, 1953, and it is possible that the buildings at these three points can be completed to them as a final settlement in the December term.

The Olds School Division recently offered all the teachers in their division a subsidy of \$100 for this year owing to an additional government grant. The division received word from the Olds Local A.T.A. that this is not acceptable to them as a final settlement in salary negotiations.

The average salary in the Olds School Division for the year 1952 was \$2,580.51, while the average salary paid in Alberta divisions in 1952 was \$2,487.02. The highest salary, including the \$100 subsidy, offered for the coming school year in the Olds School Division is \$4,720.00 per annum, and the minimum would be \$1,900.00 per annum.

ZION CHURCH, DIDSURY

Northwest Canada Conference To Be Held Early In June

The twenty-seventh annual session of the Northwest Canada conference will be held in Zion Church, Didsbury, from June 3 to 7. Pre-conference meetings will be held June 1 to 3.

The church offers good rooms for committee meetings and the main auditorium will comfortably seat both the conference and visitors.

Zion Church is also most happy to have the annual conference with them on the occasion of their Golden Anniversary.

The Didsbury Mission was the first work of the Evangelical Association in the province of Alberta. The work was started in the spring of 1902 and called the Alberta Mission. At this time Rev. C. G. Kaatz was stationed in Didsbury.

He arrived on June 19, 1902 and held services in the Baptist Church until March 1903. On March 1903, the members of the Didsbury class met and organized a congregation with 20 charter members.

The church was built and the first services were conducted in the new church on March 1, 1903 by Rev. C. G. Kaatz. President Elder, Rev. M. L. Wing conducted the dedicated services in August, 1903.

The congregation was built in the same year.

In the spring of 1903 the name of the mission was changed from Alberta Mission to Didsbury Mission and during the year the work at Silvertown and Mayton was taken up. In 1904 Charles Koepke was appointed as assistant to C. G. Kaatz on this new Didsbury-Mayton Mission.

Brother Kaatz left Didsbury in 1908. He reported a membership of 147. The new church was dedicated on November 11, 1934, by Bishop E. W. Praterius.

Sunday guests of Mr. and Mrs. E. Dippel were Mr. and Mrs. Walter Irwin, Mr. and Mrs. W. A. Sherrick and family, Miss Verla Irwin and Mr. Kenneth Sherrick.

Mr. and Mrs. Louie Hildebrand and family were Sunday evening visitors with Mr. and Mrs. H. W. Folkman and family.

Mr. and Mrs. Cecil Weber, Mr. Donald Weber and Mr. Ernest Good were Calgary visitors last Thursday.

Mr. and Mrs. Victor Gore and family of Calgary, Mrs. H. Gore of Olds and Mr. Alex Gore were Sunday dinner guests of Mr. and Mrs. Jack Edwards and family.

On Monday the ladies were again out. This time it was a hidden hole competition (the fifth hole). Winners were Hazel Nicholl, Dorothy Prevost and Grace Banta.

The next competition will be held Thursday evening. As this is a long time competition the ladies are requested to have their hidden caps established prior to that date.

CORONATION DAY, TUESDAY, JUNE 2

Tuesday, June 2, is Coronation Day, and most places of business will be closed for the day.

The church offers good rooms for committee meetings and the main auditorium will comfortably seat both the conference and visitors.

Zion Church is also most happy to have the annual conference with them on the occasion of their Golden Anniversary.

Plans Completed For Coronation Day, June 2nd

R.C.M.P. GIVES WARNING

Cpl. R. C. Allan, R.C.M.P., Olds, has issued a warning regarding persons under age driving cars and trucks. The law as laid down in the Vehicle Highway Traffic Act, Section 15, paragraph 2, states:

"No driver's licence for a motor vehicle other than a scooter or power bicycle shall be issued to any person under the age of 16 years."

It would be wise for any parents in the town or district who have allowed children under the specified age to operate such vehicles, to stop a a put a stop to the practice and save themselves from a probable fine or court case, should an accident occur.

Plans have been finalized for Coronation Day activities here and only slight changes have been made to the original plans.

Plans for the local school will put on a short ceremony on a platform to be erected in front of the bleachers on the ball diamond, starting at 1 p.m.

Following ceremonies on the grandstand, kiddies' races for all ages will be held. There will also be free ice cream for the young students.

A baseball game between Didsbury and Cremona will be one of the features of the day.

In the evening the Boy Scouts will have a traditional bonfire, to be started at 8 p.m. and a weiner roast will follow. The fire is to be laid on the old tennis courts, east of the C.P.R. tracks.

Sodium Chlorate Weed Killer:
Recently I have received numerous enquiries about the advisability of using a soil sterilant to kill certain troublesome weeds which will not yield to 24-48. Especially in the case of unwanted grass, particularly quack or couch grass, we have found sodium chloride to give good results.

The cost of the chemical, however, limits its use to comparatively small areas. T.C.A. is also a quack grass killer but we have found that it is not selective, where grasses are concerned. I have seen where quack grass, bromus grass and Kentucky blue grass were all present on the same area that was treated with T.C.A. On a subsequent check we found that the quack grass was completely killed, while the other grasses were relatively unharmed.

But for quack grass alone T.C.A. does a good job. This, of course, needs to be applied in spray form. Sodium chloride, on the other hand, can be applied either wet or dry. In fact we have found over the past few years where toad flux was concerned, dry application has done a much better job of killing the weed.

For quack grass an application rate of two to three pounds per 100 square feet is about right. For toad flux a minimum of four pounds per 100 square feet is satisfactory. Do not sprinkle sodium chloride where chickens run or feed, as it is poisonous to them. All chemical weed killers have certain limitations and require certain care in handling. We will be glad to

Jet Age Cars . . . Stone Age Roads

These have been big days in Canada's husky automobile industry. The new schedule at the new Oakville plant, General Motors announced a record expansion at Oshawa. At Windsor the addition to Chrysler's is under way.

All this means that the earlier predictions of 50 per cent more automotive vehicles in Canada by 1961 will certainly be fulfilled.

The cars and trucks are coming, what about the roads to put them on?

Hundreds of millions of dollars have been thrown away in street and highway construction in Canada in the last 10 years because we did not look ahead. Instead of spending local and through traffic using roads, we channeled them both into the main arteries of every city, town and village. Vital city street extension and widening projects were delayed until we had to blast through all sorts of expensive real estate. Through highway was supposed to be adequate for a decade, now it is more cluttered in three or four years.

If we don't want to see this confusion and waste repeated on even a larger scale we had better start making room for tomorrow's traffic.

CORONATION SERVICE AT REDEEMER LUTHERAN

Redeemer Lutheran Church cordially invites its members and friends to attend a special Coronation service on Sunday, May 31, at 10:30 a.m. At this service special cognizance will be taken of the Coronation of Queen Elizabeth II. The liturgy that will be used will be similar to that used at the Coronation of King George VI. Mr. Couzens, musical editor of "The Canadian Churchman," reports that essentially the same order of service would be used, except that the musical settings might be different.

For quack grass an application rate of two to three pounds per 100 square feet is about right. For toad flux a minimum of four pounds per 100 square feet is satisfactory. Do not sprinkle sodium chloride where chickens run or feed, as it is poisonous to them. All chemical weed killers have certain limitations and require certain care in handling. We will be glad to

Through The Study Window

Rev. C. C. Armstrong

On Sunday, May 31, the United Church of Canada, in company with other churches, will use a special order of service to mark the coronation of Her Majesty, Queen Elizabeth II. It is right and fitting that loyal Christian citizens should attend these services.

The coronation itself is primarily a religious act, performed by a church minister, and within a Christian church. It has no secular meaning, as the crowning of the sovereign head of the state, and community observance of a secular or non-religious nature is also appropriate and commendable as a supplement to the religious service.

Elizabeth II is well qualified by place on the throne. She has already established herself in the devotion and loyalty of her people. Her character vindicates her title as "Defender of the Faith," a title which is also proclaimed by laws, arising out of the stormy religious history of England.

Nowadays, some of us are inclined to deplore religious controversies, and feel that a person's choice of denomination is a more fitting matter than fit reason for legal action. We would certainly resent a law that compelled us to be Protestant, Roman Catholic or any other denomination, and that denied us freedom of worship.

As commoners we have a freedom that is denied royalty, for by law the King or Queen of England is profane, toothy and dogmatic. I am a faithful Protestant, and that I will, according to the true intent of the enactments which secure the Protestant succession to the Throne of my Realm, uphold, and maintain the said enactments to the best of my powers according to law."

"Elizabeth II do solemnly and sincerely declare before Almighty God, parents, teeth, and dogmatic, I am a faithful Protestant, and that I will, according to the true intent of the enactments which secure the Protestant succession to the Throne of my Realm, uphold, and maintain the said enactments to the best of my powers according to law."

I leave it to others to argue as to whether or not there is moral justification in a royal commanding any royal or commoner to be a member of a particular denomination. It is too involved and controversial an issue to discuss here. But surely something can be said concerning those who profess loyalty to the King as Defender of the Faith, and yet for one reason or another hesitate to commit themselves as Defenders of their own Faith, whatever it may be.

The worst defence against religious intolerance is religious indifference. How better can we fortify ourselves as Defenders of the Faith, that we ourselves profess, than by attending the Coronation of Her Majesty by being present at public worship on Sunday May 31st, and by worshipping regularly in the church of your choice?

Too Little...
Too Late

Following is a press release from the Farmers' Union of Alberta, signed by the president, Henry Young.

The news that the Canadian Wheat Board has been authorized to increase the domestic price of wheat from \$1.86 to \$2.05 per bushel is most welcome to Western farmers. However this is another case of "too little and too late" as conditions have changed since a domestic price of less than \$2.20 for three years past. The wheat farmers of the West have subsidized Canadian consumers to the tune of over \$75 millions during that period.

However, the suggestion that bread prices may be raised one cent a loaf is not justified, according to the Canadian Wheat Board.

1. That at present wheat prices there is only about \$1.40 worth of wheat in each loaf of bread.

2. That it takes an increase of about 10¢ to justify an increase of 1¢ per loaf.

3. That the new increase of 19¢ per bushel together with the 6¢ increase in 1951, means a total increase of only 25¢ per bushel in the last four years.

4. During this period there have been no increases in the price of bread or in the cost of a loaf of bread.

It is pointed out that as far as the new price of wheat is concerned, there is no justification for any further increase in bread prices. Any increase in bread prices would not be justified such an increase in this ground is an attempt to deceive the public.

To deliver the power and performance expected and demanded of them, combines, tractors and power machines are precision manufactured from high quality materials.

But this carefully made machinery must work in heat, in cold, in dry conditions, in wet conditions, in gritty dust and clinging mud. On the Massey-Harris Test Track these trying

McCarthy is a
DEFINITE THREAT

Canadians are underestimating Senator McCarthy of Wisconsin, warns Blair Fraser, Ottawa editor of Maclean's magazine. In the current issue Fraser charges that: "This man aspires to veto power over Canadian foreign policy, and there is some reason to fear he may achieve it."

Even the Republicans who used his accusations of Truman's state department to attain power for themselves find the firebrand Senator too hot to handle. A Rep. publican congressman says: "No matter where you touch him, he burns you."

Although his colleagues no longer trust him, the article points out that he has another ally: "McCarthy strength comes with mob power," Fraser explains. He uses the mob techniques of television as few politicians have yet learned to do. He has the support of the isolationist press and a great appeal to the illiterate and semi-literate vote."

Even though the article shows why the president fears him as well, just as the senator crucified Truman and Acheson, "He has laid the groundwork for a similar attack on Eisenhower and on John Foster Dulles, the Republican secretary of State."

CHRISTIAN SCIENCE

In Christian Science churches on Sunday, the Lesson-Sermon is entitled "Ancient and Modern Neurosis" and "Moralism and Non-moralism." "Denounced." It firmly maintains that the fact of God's Law governs man, and that all false theories and practises cannot stand. These are some of the passages, from the Bible: "Through thy precepts I get understanding" (Ps. 119: 104) and from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Animal magnetism has no scientific foundation, for God governs all that exists, and man is a creature of His. His Power is neither animal nor human. His basis being a belief and this belief animal, in Science animal magnetism, mesmerism, or hypnotism is a mere negation, possessing neither intelligence, power, nor reality; and in sense it is an unreal concept of the so-called mortal mind."

(102: 1 - 8)

—

The annual fishing voyages from Britain to Newfoundland were so valued as training for future British naval recruits that, to encourage settlement there, private ownership of land in Newfoundland was prohibited for three centuries.

Get the most out of your magnetos! Equally important, restore your magnetos to its original power and pep. You will be surprised at the savings in engine performance and greater fuel economy. We carry genuine factory replacement magneto parts, including magneto, and give prompt, courteous service.

ALUMINUM has a habit of turning up almost everywhere. But "Fathers north" was reached recently, when a U.S. Air Force pilot set down his aircraft at the geographic North Pole — on a pair of aluminum skis.

Aluminum's lightness — with strength has made it the basic material of the aircraft industry. And because aluminum is only $\frac{1}{3}$ to $\frac{1}{4}$ as heavy as other base metals, a pound of it goes a lot further. Which is one more reason why so many manufacturers of so many products have turned to aluminum to help keep their prices down. Aluminum Company of Canada, Ltd. (Alcan).

CREMONA NEWS

From Our Own Correspondent

Mr. and Mrs. K. Bergeson Sr. entertained 56 relatives and friends at a dinner party at their home on Sunday, May 10, with a dinner party in honor of their son and daughter-in-law, Mr. and Mrs. K. Bergeson Jr., who were married at Lac La Biche on April 14.

The highlight of the afternoon was the playing of the bagpipes by Mr. Harry Gerard, Edmonton, nephew of Mrs. Bergeson.

The guests were from Lac La Biche, Edmonton, Sundre, Calgary and Cremona, and a very pleasant afternoon was spent by all.

Mr. T. Thompson, accompanied by Mr. S. Franklin and Mr. Cameron, motored to Vancouver recently. Mr. Franklin went on to Seattle to visit his family. While in Vancouver they spent an afternoon with Mr. C. H. Webb.

Mr. and Mrs. B. B. Reid left on Thursday for a two months' vacation during which they will travel through the States, to France and then to England.

Mr. C. G. McRae returned from a month at Vancouver recuperating. While at the coast he visited with his niece, Mrs. Nick Harris, Mr. Harris and family.

Mrs. Evelyn Hettlinger, who has accepted a position in Calgary, spent the weekend at her home in Cremona.

Congratulations to Mr. and Mrs. R. Popel on the arrival of their daughter, Valeria Ann.

Walter and Tommy Neufeld of Cremona spent the weekend at the home of their parents here.
